

Stadium HS – Tacoma Washington - 2006

This historic structure located on Tacoma’s Commencement Bay was originally constructed in 1893 as a hotel. In 1906 it was converted to a High School. The renovation project completed in 2006 was a major project for Northwest School Equipment

The auditorium features seating from Seating Concepts. The BW-220 chairs installed feature the silent and durable gravity lift mechanism, support from arched serpentine springs, and built in lumbar support.

Athletic equipment is from Performance Sports Systems

Interkal bleachers feature fully automatic self storing aisle rails and tapered aisles to maximize seating.

List Industries all welded full frame lockers are featured in the athletic rooms, and hallways.
